Syllabus for

PED 222/GPED 502—School Health Care

1 Credit Hour Spring 2014

The Mission of the Oral Roberts University College of Education is to provide the opportunity for individuals who hold Christian principles to participate in initial and advanced study in preparation for the professional public and private responsibilities in the field of education throughout the world. The College of Education's mission includes training and developing professional educators with a Christian worldview who will go into every person's world as transformed educators who will impact society for the purpose of transforming the next generation.

I. COURSE DESCRIPTION

A course providing the professional education major with a knowledge of medical conditions, both acute and chronic, that occur in both the primary and secondary school environments. Introduces federal and state laws pertaining to health in the school environment. Discusses various social issues influencing students' physical and mental well-being. Prerequisites: None.

II. COURSE GOALS

The purpose of this course is to enable the student to gain an understanding of the broad spectrum of health conditions, physical, emotional, and social that may affect a student's ability to learn in the classroom.

III. STUDENT LEARNING OUTCOMES FOR THIS COURSE

A. Objectives

As a result of successfully completing this course, the student will be able to do the following:

- 1. Discuss the Federal Bloodborne Pathogens Standard as related to both the teacher and student's health.
- 2. Identify basic signs of child abuse and understand the teacher's responsibility in reporting abuse according to Oklahoma state law.
- 3. Describe acute and chronic health conditions and the effect they have on a student's ability to learn in the classroom.
- 4. Discuss social issues such as teen pregnancy, substance abuse, gangs, domestic violence, and school safety as they relate to a student's health and motivation to learn in the classroom.
- 5. Discuss or describe school safety issues existing in today's society and understand the impact of a student's or staff's death on the school family.
- 6. Discuss, describe, or demonstrate emergency procedures for epilepsy, seizures, anaphylactic shock, and diabetic shock.

B. Objectives for Students in Teacher Preparation Programs

The Teacher Preparation Program meets the competency-based requirements established by the Oklahoma Commission on Teacher Preparation. This course meets the following Institutional Standards:

- IS 2: The candidate is a reflective, transformed educator who actively seeks opportunities to grow professionally and understands the evaluation process of relative constituencies.
- IS 3: The candidate makes educational decisions (i.e. plans instruction and/or administrative duties) based on a Christian philosophy of education and promotes godly principles among students, colleagues, parents, and agencies in the larger community.
- IS 4: The candidate makes instructional decisions (i.e. plans instruction and/or administrative duties) based on the principles of the whole-person lifestyle, including the spiritual, physical, intellectual, social, and emotional aspect.
- IS 10: The candidate demonstrates an understanding of the legal aspects of teaching.

IV. TEXTBOOKS AND OTHER LEARNING RESOURCES

A. Required Materials

1. Textbooks

Real Life for Schools: Bloodborne Pathogens. Coastal Training Technologies Corporation.

2. Other Instructor Materials

B. Optional Materials

- 1. Textbooks
 - None
- 2. Other None

V. POLICIES AND PROCEDURES

- A. University Policies and Procedures
 - 1. Attendance at each class or laboratory is mandatory at Oral Roberts University. Excessive absences can reduce a student's grade or deny credit for the course.
 - 2. Students taking a late exam because of an unauthorized absence are charged a late exam fee.
 - 1. 3. Students and faculty at Oral Roberts University must adhere to all laws addressing the ethical use of others' materials, whether it is in the form of print, electronic, video, multimedia, or computer software. Plagiarism and other forms of cheating involve both lying and stealing and are violations of ORU's Honor Code: "I will not cheat to plagiarize; I will do my own academic work and will not inappropriately collaborate with other students on assignments.' Plagiarism is usually defined as copying someone else's ideas, words, or sentence structure and submitting them as one's own. Other forms of academic dishonesty include (but are not limited to) the following:
 - a. Submitting another's work as one's own or colluding with someone else and submitting that work as though it were his or hers;

- b. Failing to meet group assignment or project requirements while claiming to have done so;
- c. Failing to cite sources used in a paper;
- d. Creating results for experiments, observations, interviews, or projects that were not done;
- e. Receiving or giving unauthorized help on assignments.

By submitting an assignment in any form, the student gives permission for the assignment to be checked for plagiarism, either by submitting the work for electronic verification or by other means. Penalties for any of the above infractions may result in disciplinary action including failing the assignment or failing the course or expulsion from the University, as determined by department and University guidelines.

- 4. Final exams cannot be given before their scheduled times. Students need to check the final exam schedule before planning return flights or other events at the end of the semester.
- 5. Students are to be in compliance with university, school, and departmental policies regarding Whole Person Assessment requirements. Students should consult the WPA handbooks for requirements regarding general education and the students' majors.
 - a. The penalty for not submitting electronically or for incorrectly submitting an ePortfolio artifact is a zero for that assignment.
 - b. By submitting an assignment, the student gives permission for the assignment to be assessed electronically.

B. College of Education Policies and Procedures

- 1. Tardies—Tardies are an inconvenience to the other class members and the professor, and they prevent the late student from obtaining maximum value from the class. Therefore, if the student comes into the class after the attendance has been taken, the student is considered tardy. It is the student's responsibility to inform the professor that he/she was tardy immediately following the class. Failure to do so will result in an absence for that class and it will not be adjusted other than at the end of that class. Three tardies will equal one absence. It is the student's responsibility to get the information presented in class from a classmate.
- 2. Late Work—The student is responsible for obtaining class assignments and material covered during an absence. An absence is not an excuse for turning in late work or for being unprepared with assignments for the class following the absence. Ten percent (10%) of the final assignment grade will be deducted for every business day that the College of Education office is opened. Office hours are Monday through Friday, 8:00 a.m. to 4:30 p.m., with the exception of Labor Day and the Thursday and Friday the week of Thanksgiving. The student is responsible for making sure that the date is stamped on the late assignment by an official representative in the College of Education at the time the assignment is turned in. An assignment without a date stamped on it by an official representative in the College of Education will be considered "received" on the date the professor receives it. Students who have excused absences (administrative excuse, medical report—doctor or campus nurse, or verification of the death of a family member) are responsible for meeting with the professor to mutually agree on a due date for the missing assignment(s). If the

- assignment(s) is (are) not turned in by the date agreed upon, the above policy will apply.
- 3. Attendance Policy—Students are expected to attend all classes. Because unavoidable circumstances can prevent perfect attendance the following policy will apply:

Number of days the class meets per week	Number of absences not resulting in a penalty	5% final grade reduction will be applied beginning with
		absence number
3	3	4
2	2	3
1	1	2

Five percent (5%) of the final grade will be deducted for each additional day the student incurs an unexcused absence.

- 4. Administrative Excused Absence—Students who must miss class for university-sponsored activities must follow these procedures:
 - a. Inform the professor before the event.
 - b. The student should not commit to class presentation (oral reports, speeches, group presentations, etc.) on a date that the student will be gone. Make-up work will not be permitted if the student voluntarily committed to a performance on the date of an administratively excused absence.
 - c. The student needs to present an administrative excuse form with appropriate signatures prior to the day of his/her absence when possible, or on the first day he/she returns to class.
- 5. Senior Cohort Attendance—Students who have one unexcused absence will receive a one letter grade deduction for the final grade in the course. Students missing more than one day will receive a grade of F for the final grade. Tardies will be handled as mentioned previously.
- 6. Leaving Early—Students are not permitted to leave class prior to the dismissal by the professor. If a student has to leave class early on occasion, it is his/her responsibility to talk with the professor prior to the beginning of class to secure permission from the professor. Weekly or monthly meetings are not considered an approved reason for leaving class early. If the student leaves a class 15 minutes or **less** before the end of class without prior approval from the professor, it will be considered a tardy and the tardy policy will apply. If the student leaves a class **more** than 15 minutes before the end of the class without prior approval from the professor, it will be an unexcused absence and the attendance policy will apply.
- 7. Cellular Phones—Students are not to have cellular phones on during class, nor are they to be visible during class. In the rare case of an emergency when it is unavoidable and a student is expecting a call during class, or needs to have his/her cellular phone on during class, the student is asked to notify the professor in advance. The professor may request that the student leave the cellular phone on the professor's desk during class.
- 8. Late Exams—Students taking tests other than the time they are given is an inconvenience to the professor. To assist the student in his/her professional growth, any test taken late as a result of an unexcused absence will incur a \$15.00 late-test fee (see the attendance policy). The student should pay the late fee (cash only) in the College of Education where he/she will receive a receipt.

The student is responsible for making arrangements with the professor to take the late exam and for presenting the receipt at the time he/she takes the late exam. Late exams, whether they are a result of an excused or an unexcused absence, must be taken within a week from the originally scheduled date. If the student refuses to make up the late exam within the allotted time, a grade of zero percent (0%) will be entered in as the test grade, which will be factored into the final course grade.

- 9. Incompletes—As stated in the university catalog, incompletes are granted only for "good cause," such as extended hospitalization, long-term illness or a death in the family. Students must petition for an incomplete using the form available in the College of Education. Documentation for the reason the student is requesting an incomplete is required. Very few incompletes will be granted.
- 10. Extra Credit—Students should not expect extra credit to help raise a grade.
- 11. Plagiarism—Each student attending Oral Roberts University is required to do his or her own academic work and must not inappropriately collaborate with other students on assignments. Students must document all sources and ideas that are not their own original information by following correct APA (American Psychological Association) documentation procedures. Failure to do this produces a plagiarized paper, which will result in an F for the paper. Flagrant cheating will result in an F for the course.

C. Course Policies and Procedures

1. Evaluation Procedures

a. Evaluation of student's achievement of course objectives is based on the following:

Reflections of movies and guest speakers	100
Lesson Plan and Brochure	200
Exams (100 points each)	400
Final Biblical Paper	200
participation and attendance	100
Total Points	1,000

b. Grading scale:

A=90-100%

B=80-89%

C=70-79%

D=60-69%

F=below 60%

2. ePortfolio Requirements

None

3. Other Policies and/or Procedures

VI. COURSE CALENDAR

Session	Topic
1	Definition of School Health Federal Register and OSHA's Bloodborne Pathogens HIV, Hep B, and Hep C Film: Change Your Brain, Change Your Life by Dr. Amen Turn in Pre-Assignment-Lesson Plan combining Healthcare and Physical Education
2	Blood Pathogen Quiz and Reflection on film Non-contagious diseases Film: ADD
3	Exam I –(non-contagious diseases and emergencies) Contagious Diseases Emergencies Special Needs Student/Medications Brain and Stress – Relaxation Techniques
4	Brochure Due Exam II (Contagious diseases, Epi-Pen, medications, and relaxation techniques) Film – I Am video – Assign Biblical Paper
5	Article Analysis Due Final speaker on one of the following topics Child abuse- essay on speaker presentation and ADD Suicide Threats and Suicide in the School Environment Death in the School Environment Gangs
6	Final Exam Biblical Paper Due

Course Inventory for ORU's Student Learning Outcomes PED 222/GPED 502—School Health Care Spring 2014

This course contributes to the ORU student learning outcomes as indicated below:

Significant Contribution – Addresses the outcome directly and includes targeted assessment.

Moderate Contribution – Addresses the outcome directly or indirectly and includes some assessment.

Minimal Contribution – Addresses the outcome indirectly and includes little or no assessment.

No Contribution – Does not address the outcome.

The Student Learning Glossary at http://ir.oru.edu/doc/glossary.pdf defines each outcome and each of the proficiencies/capacities.

OUTCOMES & Proficiencies/Capacities Significant Contribution Outcome #1 - Spiritually Alive Proficiencies/Capacities A Biblical knowledge
