III. COURSE GOALS

- A. This introductory language course is designed to help the student develop communicative competence and oral proficiency in Spanish, with proficiency defined as the ability to communicate specific messages in particular situations for a given purpose. This course provides the student opportunities for practical use of Spanish in real life situations and the vocabulary and grammar necessary to accomplish this goal.
- B. The specific contribution of elementary and intermediate foreign language courses to the general education of ORU students is to give them the practical tool for entering into foreign cultures for Christian service or career purposes. By acquiring another language, ORU students can become "a part of the answer" and not "part of the problem" as they face the ever-increasing globalization and interdependency of cultures everywhere and go "into every person's world," not just go to every person's world.
- C. Language and culture are intertwined, and in learning a foreign language, students also learn from and about the foreign culture by studying how the people view themselves and their society in terms of history, politics, religion, and economic and social structures. One goal of the language courses is to develop an attitude of hearing a society's questions rather than assuming Americans have all the answers.

VI. POLICIES AND PROCEDURES

A. University Policies and Procedures

1. **Participation:** Participation in each online class through discussion forums, assignments, and all other course activities is mandatory at Oral Roberts University. This counts as your attendance in the course. Excessive absences can reduce a student's grade or deny credit for the course.
2. **Plagiarism:** The ORU Catalog explicitly addresses the issue of plagiarism. Make sure you know [ORU's policy on plagiarism](#) and [what is considered plagiarism](#).
3. **Privacy:** By law, students are entitled to privacy regarding their records. The Family Educational Rights and Privacy Act of 1974 (FERPA), as amended and available in the [ORU University Catalog](#), sets forth requirements designed to protect the privacy of student education records. The law governs access to records maintained by educational institutions and the release of information from those records.
4. **Whole Person Assessment Requirements:**
 - a. Specify which, if any, Whole Person Assessment requirements there are for this course.
None for this course.

B. School and/or Department Policies and Procedures

1. Class Assignments

- a. Students need to have the appropriate textbooks, course materials, and other supplies as designated by the professor.
- b. Professors may refuse to accept an assignment if it has inappropriate content, does not meet the assignment's criteria (e.g., not typed, incorrectly documented), is incomplete, is suspected of plagiarism, or is turned in too late.

2. Late Work

- a. The student is responsible for obtaining class assignments and materials, and all work is expected to be completed as scheduled. The professor may not accept late work, or it may result in a lower grade. Computer or Internet malfunctions do not constitute an excuse for late work; students should have their work prepared in time to ensure that they can get it completed, edited, and proofread prior to the instructor's due date. These responsibilities assist the student in professional development.
- b. Generally, assignments missed from a serious sickness or family crises can be made up and the instructor should be notified as soon as possible to reach an agreement on due dates and possible penalties. Each instructor has his or her own late-work policy. Instructors use their own judgment in accepting late work.

3. Incompletes

On rare occasions, the grade of "I" may be given for work that is incomplete at the time grades are given. It is given only after the instructor and the department chair or college dean approve a petition submitted by the student that his or her work is incomplete for good cause. Good cause typically consists of a catastrophic event in which the student is prevented from completing the course requirements. It is the responsibility of the student to initiate the petition through <http://petitions.oru.edu>, make up any incomplete work, and ask the instructor to submit a grade change to the registrar. If the work is not completed by the end of the subsequent session, the incomplete will automatically convert to an "F." For graduating seniors, the degree will be awarded in the term that the student completes his or her course work, not the final term of enrollment.

C. Online Programs Policies and Procedures

- 1. Communicating with your Instructor:** All email communication between students and faculty will be through their ORU.edu emails.

- 2. Learning Community:** Online learning community is established through active participation in the threaded weekly discussions. The mutual exchange of ideas, information, and experiences is an essential part of the learning process, and students are encouraged to use the discussion forum as virtual classroom platform.
