

Syllabus for
MUS 102--Harmony II
2 Credit hours
Spring 2022

I. COURSE DESCRIPTION

A continuation of MUS 101. Includes (1) analysis of music including half and fully diminished sevenths, non-dominant sevenths, secondary dominants and modulation, two- and three-part song forms, and American popular song, along with blues, boogie, and jazz; (2) part-writing of figured basses, harmonizing in chorale, instrumental and keyboard styles, and composing and improvising using the harmonic and stylistic vocabularies; and (3) harmonizing at the keyboard excerpts of folk songs, American popular songs, blues, boogie, and jazz.

Corequisite: MUS 104.

Prerequisites: MUS 101 and MUS 103; or evidence of comparable study or skills.

II. STUDENT LEARNING OUTCOMES FOR THIS COURSE

- A. To prepare the music major for further studies in such specific areas as advanced harmony, form and analysis, counterpoint, orchestration, and composition.
- B. To have an increased knowledge of Rhythm, Melody, Harmony, Musical Texture and Form.
- C. To enable the student to gain an understanding of such related subjects as music history, applied and laboratory music courses, conducting, and music methods and technique courses.
- D. To understand that as an intermediate level of the subject matter it must be applied throughout and within all courses of music and must be used outside the purely academic situation every time music is heard, studied from score, performed, or created.
- E. To be able to employ appropriate musical skills involving various styles of music:
 1. Analytical Skills
 - a) Provide harmonic and melodic analysis for music of the traditional or common practice period to include all diatonic triads and seventh chords, modulations of closely related keys, and secondary dominant and secondary leading tone chords.
 - b) Provide analysis of musical structure to include Binary and Ternary forms.
 - c) Provide stylistic analysis to contrast and compare the music of the traditional period with that of American popular song and blues, boogies, and jazz.
 2. Quasi-Compositional Skills
 - a) Part-write figured basses and harmonize melodies in hymn/chorale style for music of the traditional period as in A.1. above.
 - b) Compose/harmonize folk songs, American popular songs, and blues, boogie, and jazz in appropriate keyboard/instrumental style.
 3. Improvisational Skills
Improvise as a solo or small-ensemble performer using prearranged parameters and/or ideas as discipline and motivation.
 4. Keyboard Skills
In close position keyboard style, harmonize at the keyboard excerpts similar to folk songs.

Units/Weeks

Measured from tests and quizzes and from textbook assignments, at the successful conclusion of each unit, the students will be able to do the following:

III. ASSOCIATED PROGRAMS

This course meets degree completion requirements for the following program:

All Music degrees - General Music

- A. To provide opportunities for students to develop their music capabilities and interests through the use

of music as a socializing force, as an aid to compassionate understanding of themselves and their environment and as an avenue of self-expression.

- B. To stimulate an appreciation and love for music through the study of its various disciplines.
- C. To develop techniques for mature evaluation of musical standards.
- D. To give an adequate background for further study in graduate school and cultivate tools for teaching in public and private schools, teaching in private studios, performing in professional organizations and working in related musical fields
- E. Prepare for various ministries and worship.

IV. UNIVERSITY OUTCOMES

This course aligns with the following University Outcomes as indicated on the last page **I**

- A. Spiritual Integrity
- B. Personal Resilience
- C. Intellectual Pursuit
- D. Global Engagement
- E. Bold Vision

VI. POLICIES AND PROCEDURES

A. Departmental Policies and Procedures

- 1. Students taking a late exam because of an unauthorized absence are charged a late exam fee.
- 2. Students and faculty at Oral Roberts University must adhere to all laws addressing the ethical use of others' materials, whether it is in the form of print, electronic, video, multimedia, or computer software. Plagiarism and other forms of cheating involve both lying and stealing and are violations of ORU's Honor Code: "I will not cheat or plagiarize; I will do my own academic work and will not inappropriately collaborate with other students on assignments." Plagiarism is usually defined as copying

someone else's ideas, words, or sentence structure and submitting them as one's own.

Other forms of academic dishonesty include (but are not limited to) the following:

- a) Submitting another's work as one's own or colluding with someone else and submitting that work as though it were his or hers;
- b) Failing to meet group assignment or project requirements while claiming to have done so;
- c) Failing to cite sources used in a paper;
- d) Creating results for experiments, observations, interviews, or projects that were not done;
- e) Receiving or giving unauthorized help on assignments.

By submitting an assignment in any form, the student gives permission for the assignment to be checked for plagiarism, either by submitting the work for electronic verification or by other means. Penalties for any of the above infractions may result in disciplinary action including failing the assignment or failing the course or expulsion from the University, as determined by department and University guidelines.

3. Final exams cannot be given before their scheduled times. Students need to check the final exam schedule before planning return flights or other events at the end of the semester.
4. Students are to be in compliance with University, school, and departmental policies regarding Whole Person Assessment requirements. Students should consult the WPA handbooks for requirements regarding general education and the students' majors.
 - a. The penalty for not submitting electronically or for incorrectly submitting an artifact is a zero for that assignment.
 - b. By submitting an assignment, the student gives permission for the assignment to be assessed electronically.

B. COURSE POLICIES AND PROCEDURES

1. Evaluation Procedures
 - a. Students are evaluated by results from quizzes in harmony and keyboard, harmony assignments, improvisations, keyboard tests, and harmony tests. Quizzes are often given to test assigned reading. Quizzes may not be announced ahead of time. Missed quizzes cannot be made up except for extended illness. Enough scores are possible from quizzes and allowances made to prevent reasonable misses to penalize students' overall grade.
 - b. The grade for the course is determined by quizzes - an extra 5%; Harmony assignments and MacGamut levels - 35%; Keyboard tests - 10%; and Harmony exams - 55%.
 - c. To receive credit by examination, a student must take the terminal exam in both areas of the course and as many other exams considered necessary to prove sufficient mastery of the course content. If a test-out exam has an established ORU "norm" for each grade level, those levels will be used for grading criteria. The keyboard testing receives 30% of the total course grade, and the analysis and quasi-compositional skillsportion, 70%.
 - d. In all areas of the course a score of 90% or higher is an A, 80-89% is a B, 70-79% is a C, 60-69% is a D, and anything lower than 60% is failing.

2. Whole Person Assessment Requirements

Students will compose a 24 measure composition in the key D major or Bm. It should be in simple or compound meter employing rhythms involving the sixteenth note subdivision. The student may choose the instrumentation but should be homophonic in texture. The formal design of the composition is to be Ternary

including a closely related modulation and a return to the original key. Harmonies need to include at least two seventh chords and two secondary dominants or secondary leading tone chords. The finished project is to be notated in Finale or Sibelius with a complete harmonic and formal analysis of the piece. A digital recording of the work will accompany the score. This project will be due the last week of class.

3. Other Course Policies and/or Procedures

If any exam is missed for any reason, it will not be made up unless the instructor is notified in advance. Only extreme emergencies can be exceptions to this rule. If the notification is made in advance and the absence is excusable, a makeup exam will be given at a time agreed upon by the student or students involved and the professor. Makeup exams are always more difficult and/or are graded more strictly than are the original exams.

VII. COURSE CALENDAR

The calendar is tentative and may need considerable revision.
